

### Formative 3

#### Interpretive Listening

Listen to the following statements and determine if the speaker likes or dislikes the activity or school subject.

It's bad. I don't like to study.

I really like playing video games.

Not me. I like school and I like to use the computer.

Math is difficult, but I like math and science.

History is easy, but I prefer German.

#### Interpretive Reading

Complete the following logically

in English - swim, dance, study, play video games, watch TV, talk on the phone, use the computer, soccer

I like music. I like \_\_\_\_

In July, I like

I like science and math.

I like TV and video games

#### Interpretive Reading

Read the following statements that Paul made when he was interviewed for a Culture Club interview and answer the questions that follow in English.

1. What subjects you are studying at school this year? I study mathematics, French, English, science, world history, and geography.

2. What subject do you prefer? Why? I like history because I like to study other countries.

3. What subject do you dislike the most? Why? Science because it's boring.

**1. Quels sujets étudies-tu à l'école cette année?** J'étudie les mathématiques, le français, l'anglais, les sciences, l'histoire mondiale, et la géographie.

**2. Quel sujet préfères-tu? Pourquoi?** J'aime bien l'histoire parce que j'aime étudier les autres pays.

**3. Quel sujet te déplaît le plus? Pourquoi?** La science parce que c'est ennuyeux.

What subjects does Paul study?

What subject does he prefer?

How would you say the following in (French)? The answers are in the reading.

world history

subjects

other countries

boring

dislike

### Presentation Writing

You are meeting another student for the first time. Write the conversation you might have. Consider name, how they are, age, where he/she is from and nationality. Find out what he/she likes to do and say something about your likes and dislikes. Be sure to begin and end appropriately.
